Subject: Oscar Jamilla reappointment to the Planning Commission

Lana,

It is my understanding that Oscar Jamilla's reappointment to the Manassas Park Planning Commission will be considered at the next Governing Body meeting.

I would like to take this opportunity to support his reappointment. Oscar has been an incredibly helpful and important part of the Planning Commission. His experience with the Virginia Department of Transportation, as well as his knowledge and common sense, have helped us to consider all of the possible impacts that proposals before the Planning Commission might have. He is always willing to provide helpful ways in which we can improve the applications, the CIP, zoning laws, procedures, etc. to make them better for the City, the public and applicants.

I respectfully request the Governing Body reappoint Oscar Jamilla as a Planning Commissioner for another term.

Best regards,

Ed Rishell
Chair, Manassas Park Planning Commission
